

Student Name: _____

**Grade 11 Course Selection
 2018 – 2019**

This form should be read and completed alongside the “IB Diploma Course Descriptions” guide, which is available on our website from our Resources section and IB Diploma section.

Circle the programme you will pursue:	ISA Diploma	ISA Diploma
	+	+
	IB Diploma	IBDP Courses

Guidelines

All students completing grades 11 and 12 are eligible for the ISA diploma, provided they meet the requirements defined in the student agenda and the “IB Diploma Course Descriptions” guide.

Students taking the full IB Diploma Programme must take three Higher Level (HL) subjects and three Standard Level (SL) subjects. To begin HL classes, students are typically expected to have completed an MYP course (or its equivalent) and earned an achievement grade of 5 or higher.

The full IB Diploma is based on the following groups:

Group One – Language and Literature

Group Four – Sciences

Group Two – Language Acquisition

Group Five – Mathematics

Group Three – Individuals and Societies

Group Six – The Arts

ISA offers a wide range of courses for IB Diploma Programme and IB Course Programme students. However, it is important to recognize that not every combination of courses can be available for all students. If two classes meet at the same time, a student will have to choose a course that is his or her higher priority. This is the purpose of our grouping or “silo” system. Fortunately, we are able to offer a schedule of courses that allows students to take our most popular, and most practical, combination of courses. Please note that course availability is subject to sufficient enrollment and capacity.

Instructions

Students choose one subject from each of the “silos” listed on the second page. If they are pursuing the full IB Diploma Programme, they must be careful to choose a sufficient number of HL and SL courses from the appropriate groups. Please also list alternative courses.

Please forward this completed and signed form to the Admissions Office at admissions@isa.nl
